

# Don't make it easy for them.

10 habits that make it hard for them.

- 1 Report anything suspicious. Early and often.
- 2 Use passphrases: 5 to 7 random words, 16+ characters.
- 3 One passphrase per account. Let a password manager remember them.
- 4 Turn on MFA everywhere it's offered.
- 5 Never approve a login prompt you didn't start.
- 6 Take passkeys when apps offer them.
- 7 Turn on automatic updates, and restart when asked.
- 8 Lock your screen when you step away.
- 9 Check money and data requests through a channel you already trust.
- 10 Clicked something? Speak up fast. Speed beats blame.
